# Audit Report

## Summary

The State Controller's Office audited the City of Eastvale's Special Gas Tax Street Improvement Fund for the period of October 1, 2010, through June 30, 2012.

Our audit found that the city accounted for and expended its Special Gas Tax Street Improvement Fund in compliance with requirements, and that no adjustment to the fund is required.

## Background

The State apportions funds monthly from the highway users tax account in the transportation tax fund to cities and counties for the construction, maintenance, and operation of local streets and roads. The highway users taxes derive from state taxes on the sale of motor vehicle fuels. In accordance with Article XIX of the California Constitution and Streets and Highways Code section 2101, a city must deposit all apportionments of highway users taxes in its Special Gas Tax Street Improvement Fund. A city must expend gas tax funds only for street-related purposes. We conducted our audit of the city's Special Gas Tax Street Improvement Fund under the authority of Government Code section 12410.

## Objective, Scope, and Methodology

Our audit objective was to determine whether the city accounted for and expended the Special Gas Tax Street Improvement Fund in compliance with Article XIX of the California Constitution, the Streets and Highways Code, and Revenue and Taxation Code section 7104. To meet the audit objective, we determined whether the city:

- Properly deposited highway users tax apportionments and other appropriate revenues in the Special Gas Tax Street Improvement Fund;
- Expended funds exclusively for authorized street-related purposes; and
- Made available unexpended funds for future expenditures.

We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objectives.

We did not audit the city's financial statements. We limited our audit scope to planning and performing the audit procedures necessary to obtain reasonable assurance that the city accounted for and expended the Special Gas Tax Street Improvement Fund in accordance with the requirements of the Streets and Highways Code and Revenue and Taxation Code section 7104. Accordingly, we examined transactions, on

a test basis, to determine whether the city expended funds for street purposes. We considered the city's internal controls only to the extent necessary to plan the audit.

**Conclusion**

Our audit found that the City of Eastvale accounted for and expended its Special Gas Tax Street Improvement Fund in compliance with Article XIX of the California Constitution and the Streets and Highways Code for the period of October 1, 2010, through June 30, 2012.

**Views of

We discussed the audit results with city representatives during an exit conference on September 4, 2013. Terry Shea, Finance Director, agreed with the audit results. Mr. Shea further agreed that a draft audit report was not necessary and that the audit report could be issued as final.

	Special Gas Tax Street Improvement Fund
	Highway Users Tax Allocation <sup>1, 2</sup>
Beginning fund balance per city	\$ 1,145,893

Total funds available	3,209,710

<sup>1</sup> The city receives apportionments from the State highway users tax account, pursuant to Streets and Highways Code sections 2103, 2105, 2106, 2107, and 2107.5. The basis of the apportionments varies, but the money may be used for any street purpose. Streets and Highways Code section 2107.5 restricts apportionments to administration and engineering expenditures, except for cities with populations of fewer than 10,000 inhabitants. Those cities may use the funds for rights-of-way and for the construction of street systems. The audit period was October 1, 2010, through June 30, 2012; however, this schedule includes only the period of July 1, 2011, through June 30, 2012.
